DEATH CLAIMS "DEL" SHORTT ON SATURDAY

Wealthy Former Resident Passes In Sonoma Valley

WAS WORLD TRAVELER

Owned Famous "Diamond Jim" Brady Show Place

(Santa Rosa Press-Democrat)

Wealthy, cosmopolitan A. D. (Del) Shortt, known around the globe as a result of his extensive traveling and varied interests, died Saturday afternoon about four o'clock at his ranch home on Sonoma avenue, Santa Rosa.

Was Man Of Achievements.

He had amassed a fortune in stocks and real estate; purchased the "Diamond Jim" Brady mansion in New Jersey and turned it over to the Sisters of Charity; been a ranking official in the Elks lodge in Manila and prominent in the Masonic fraternity in Chicago; laid out a large part of the City of Birmingham, Alabama, and spent $350,000 in creating a showplace out of a 2000-acre ranch two miles north of Ukiah.

Sick Many Months.

Long retired, the 67-year-old Alexis Delbert Shortt, his former strenuous activities so curtailed by illness in recent months he had been unable to leave his home, looked back on a career of colorful experiences that is the lot of but few men.

A Fine Ranch Home.

He came to California on his retirement in 1921 and purchased the Mendocino county ranch, into which he poured a fortune, making improvements which turned the property into one of Mendocino county's most noted showplaces.

A Gracious Host.

Mr. Shortt was widely known for his hospitality, frequently entertaining scores of guests from San Francisco and during the Ukiah Rodeo he held open house for visiting friends.

Disposed Of Ukiah Ranch.

Five years ago, he sold the ranch to Robert O'Dell, head of the Pacific States Savings and Loan Company, who has been in the headlines frequently in recent weeks as a result of his dispute over the management of the huge corporation. Mr. Shortt then moved to Sonoma county, taking over the Frey property, a 40-acre walnut orchard, east of the Santa Rosa city limits.

Would Suit Himself.

"I am going to build a home there myself, one that will suit me exactly," he told A. R. O'Brien, Ukiah publisher and a warm personal friend.

Built Fine Home.

Mr. Shortt proceeded to invest a large sum in the Sonoma avenue mansion and into it moved the magnificent furnishings and art objects he had collected in a lifetime devoted to travel.

Wife Was With Him.

With him on the ranch was his wife, Ethel K. Shortt. Two sisters, Mrs. E. E. Brothers and Mrs. J. E. Armstrong, both of Minneapolis, also survive.

With Hamilton Institute.

For years Mr. Shortt was a ranking official in the Alexander Hamilton Institute, and it was while with this organization he traveled around the world several times and finally settled in Manila, where he spent several years and added considerably to his already sizeable fortune. Mr. Shortt owned extensive property interests in the east, including valuable holdings on Broad street, New York.

Operated In South.

During the early days of the expansion of Birmingham, Mr. Shortt engaged in extensive real estate operations, purchasing large tracts of land around the city. He also was in the real estate business in New Jersey, and it was there he purchased the 24-room summer mansion of "Diamond Jim" Brady, one of the most widely publicized figures of his time. It was later turned over to the Sisters of Charity as a donation.

Owned Much Bank Stock.

A. R. O'Brien said Mr. Shortt, when he first came to Ukiah, was one of the largest California holders of stock in the National City Bank in New York. In St. Louis, he was an executive in the Browning-King Company, large clothing manufacturers.

Wealth Not Known.

Because of the many charitable bequests Mr. Shortt had made, friends said it would be impossible to estimate the value of his estate. The body was removed to the Welti chapel, Santa Rosa, and funeral services were held Tuesday afternoon at two o'clock

CCC Men Will Entertain.

Friday night the enrollees of Camp Northwestern will put on a varied program of vaudeville and skits and the high school orchestra will furnish the music. Both programs are being sponsored by Willits Lodge, F. & A. M., but other organizations are assisting.

SHALL INDIANS BE EXEMPTED?

Want Right To Keep Dogs Untaxed On Reservation

Can an Indian living on a rancheria be compelled to pay the county dog license? This matter was brought up by Cruz Billy, of Hopland, before the board of supervisors at the special meeting last week. Mr. Billy contends Indians are wards of the Federal government and as such are exempt from the jurisdiction of state and county government. They are allowed to hunt and fish without a state license, and why should they pay the dog license?

Is It Worth While?

The point is well taken and should the county try to force the issue it would have a long and expensive litigaion and even if the county won the suit the amount collected from the few dogs owned by Indians would be nominal. It is such a weighty matter that the supervisors laid it over for future consideration.

Coast Justice Is In Ukiah Hospital

Wm. Shaw, Justice of the Peace of Big River township and a long time resident of Mendocino, has been quite ill of late, and was taken to the hospital at Ukiah the first of the week, where an examination by Dr. H. O. Cleland showed he should undergo an operation. Judge Shaw's condition is so bad it is feared he can not stand an anaesthetic.

GOT ABALONES

Motoring to Greenwood Sunday for the opening of the abalone season, Roy Smith manager of the local branch of Safeway Stores, Douglas, Marion and Leonard Smith, Guy Christy and Bud McDonald collected a number of the delectable shellfish. They stopped at Dimmick Park for a picnic, with abalone as the main course.

DIPHTHERIA HERE

Four cases of diphtheria, all quarantined, are reported in Ukiah.

A POPULAR SPOT

The public drinking fountain at the southeast corner of the courthouse square is filling a long felt want. Every day now thirsty people congregate around the fountain waiting their turn, a large number of whom are strangers. On account of so many people trampling on the lawn at that corner it will be impossible to keep it in good condition and the supervisors will be asked to have that space covered with a concrete walk. Ukiah Parlor of Native Sons donated the fountain and it is hard to give them too much credit for their public spirit.

GOVERNMENT IS MAKING OFFER

Irrigation To Be Had Through Federal Assistance

The Ukiah Demonstration Project of the U .S. Soil Conservation Service is now starting a new line of work for the bnefit of small ranches where it is desired to have irrigation service. The government now has a law called the "Water Facilities Program" under the terms of which ranchers can borrow as much as $2000 at three per cent interest to develop an irrigation system. The costs of surveying, designing and supervision of construction are not charged to the rancher but are assumed by the government.

Country Being Inspected.

The Ukiah Project has a surveying crew under supervision of Engineer Jack Dougherty and last week he and other members of the local force made an inspection trip to some scattered places in Mendocino county to see if small scale irrigation would be practical. Several ranches in Anderson Valley, one near Mendocino and two north of Fort Bragg were inspected and will probably be recommended. A rancher near Willits has also made application and this will also be considered. All of the above ranch owners wish to irrigate about 40 acres and plant either alfalfa or ladino clover to feed dairy cattle.

Demonstration Projects.

It is also understood each of these scattered projects will be used for demonstration purposes so neighboring ranchers can see the benefit of the plan without much trouble. All of the work now being done in orchards, vineyards and fields are in this same class and interested ranchers are urged to see the good work which is being accomplished. Information can be received either by calling or writing the Ukiah branch of the U. S. Soil Conservation Service.

BUSY DAYS FOR PRISON CHIEF

Mr. and Mrs. R. R. O'Brien were at Sacramento and San Quentin the latter part of the week. A prison board meeting was held at Folsom Friday and at San Quentin Saturday President O'Brien presided at the trial of the 45 convicts recently involved in the strike at San Quentin. Sentences of six and three months were imposed on the offending inmates. Monday President O'Brien appeared before a Senate committee at Sacramento in opposition to the bill which would include prison employes under civil service.

Gasoline Thieves Are Sent To Jail

(The Mendocino Beacon)

For some time past Mendocino residents have been missing gasoline from their automobiles and last week Officer Carl Enochs took into custody Clifford Porter and John Hansen, both of the valley section, who have been on the coast several weeks. After some questioning they both admitted their guilt and being convicted, were sent to jail.

TO LIVE HERE

Dr. and Mrs. S. L. Rea are looking forward to having their son and his bride, Dr. and Mrs. Stanley Rea, come to Ukiah to make their home the first of July. Dr. Stanley Rea at that time will have completed a year's work at Collis B. Huntington hospital in Massachusetts. He will be associated with his father.

LONG SUSPENSION BRIDGE OVER EEL RIVER BEING CONSTRUCTED

Main Span Will Be 291 Feet—Cables Are 3 Inches

The longest suspension bridge in Mendocino county is now being built across Eel river a short distance east of Potter Valley. This bridge will take the place of the old pile bridge which was destroyed by the big flood a year ago last winter. There are several longer bridges in the county than the one now being built but they are all of a different type and have midway supports on piers in the center of the stream.

Cement Is Poured.

Blue prints of the new bridge look like a miniature of the Golden Gate bridge for it is of the same type. This bridge will be 291 feet eight inches in the main span and the approaches on either side will probably be about the same length. The main span will be supported on massive reinforced concrete piers that are built on solid bedrock and which have just been completed. The pouring of the concrete for the pier on the north side of the stream was completed Thursday and this will be allowed to set a week before the iron superstructure can be erected.

Has Heavy Cables.

A short distance in the rear of the piers the cables have been anchored in a great block of concrete built in solid rock and strongly reinforced with steel. There are two main cables and a smaller one in the center. Each cable has 19 strands of one and seven-eighth inch wire and are about three inches in diameter. All of this wire was tested before it left the factory and is guaranteed for strength.

Is 40-Ton Strength.

This bridge can carry any load that is now anticipated for the breaking strain is 40 tons and there will probably never be two 10-ton trucks on the bridge at the same time. The greatest anticipated loads will be when, and if, the sugar pine timber on the north slope of San Hedrin comes out in the shape of logs or lumber.

To Cost $30,600.

The bridge will be five feet higher than the old bridge was and will be above the highest flood water mark. The bridge will cost $30,600 and of this amount the PWA appropriated 45 per cent and the county 55 per cent. The work is being supervised by A. W. Lasher, PWA engineer, and B. A. Hawkins, of San Francisco has the contract for building the structure. All of the material for the span is now on the ground and hope is to have it completed by July first. The floor of the bridge will be built of 2x8-inch planks laid on edge and then treated with asphalt and rock screenings.

Plan Wide Approaches.

On account of the new bridge being higher than the old one the road at both ends will have to be changed and Supervisor J. W. Pickle has made all arrangements for better approaches at both ends. The new road construction passes through Ridgeworth Inn property and the owners have given their consent to any changes in the road the county may desire.

INCORPORATION MEANS TAXES?

Lodges Will Have To Meet Requirements Of The Law

Most of the lodges in Mendocino county organized more than 35 years ago were incorporated and they have just been notified by the state authorities they will either have to dis-incorporate or pay the state corporation tax, the minimum of which is $25 per year.

All Are Dead.

Two lodges in Willits, the Odd Fellows and Eagles, were among the lodges so notified and recently Jack Thayer and Frank Pullen were here to get legal advice. None of the charter members of either of these lodges are now alive and the now active members did not know of the tax situation until they received notification. Under the state law the title to all subordinate lodge property is vested in the grand lodge.

Special Correspondence of The Press

COVELO, April 25. — At the cemetery, on the slopes of the western foothills and below the south side of the road, another three acres of land has been added. The old fence has been removed and white rocks are in its place. The land belongs to George Weymouth and he has neatly and accurately marked 240 lots in this new section. Each plot is 10x18 feet, with walks running north and south two feet wide and every other walk is seven feet wide. Supervisor Bittenbender will build a road around this location to meet the road at the southeast corner. Traffic congestion at the cemetery has always been a problem and this new outlet will be one of the finest of improvements. The county recently put in a cattle guard below the cemetery, but the road is bad. Mr. Weymouth prefers to sell this new section to an organization or private party. The cemetery is lovely at this time of year, towering purple and white blooming lilacs give out their pleasant scent and many other flowers are blooming.

Relief Is Likely.

Supervisor Duane Bittenbender and Inspector Lyons of the Bureau of Public Roads were in town Wednesday for the purpose of meeting Ranger Bramhall. While here Supervisor Bittenbender let it be known there is a possibility of pavement being put about town.

They May Adopt Plan.

No action was taken at this meeting, although the secretary of the Farm Bureau was requested to write Senator G. M. Biggar to send an official to look over and discuss problems. People should become acquainted with this project and be on hand when another meeting is called, for it is of benefit to Round Valley.

The Famous Trees.

In the National Automobile Club Exhibit at Treasure Island, a hand-colored photo-mural of California's world famous Redwoods and highway is displayed. These Redwoods are in the heart of the Redwood Empire. In the Vacationland building another landscape view of this highway hangs. This picturesque scene is bordered by our Sequoia Sempervirens (known as the oldest living things on earth). These stately trees grace our northern California coast.

Practically every person in the civilized world has an ambition to become a radio star and Hollywood is the mecca they all desire to see before they die. Thousands of people make this trip for this purpose and are disappointed for they do not happen to be of the desired type. In order to overcome this near tragedy Jesse L. Lasky, one of the world's greatest producers of moving-talking pictures, has just announced a unique contest for young men and women. All you have to do here in Ukiah, is to go to The State Theatre and get a blank and fill it out and then mail as directed.

What Requirements Are.

The two characters desired will take the names of Virginia Vale and Robert Stanton. They must have musical ability and be able to sing well and have attractive physical qualifications. Men between 21 and 29 years of age and not less than five feet nine inches in height and women between 18 and 25 years of age and not less than five feet one inch in their stocking feet and who weigh between 100 and 128 pounds are the ones most desired.

CEMETERY RULE IS A SUIT BASIS

Who Should Control Beautification Of The Grounds?

Notice has been filed of intention to move for a new trial in the c[illegible] J. William Mantela and [illegible] complainants against [illegible] Rose and others of Fort Bragg.

Lot Owners Sue.

This is the now famous action in which Mr. Mantela and his associate plaintiffs sued for and obtained certain privileges respecting lots purchased by them from Rose Memorial Cemetery of Fort Bragg and enjoining the association from interfering with their rights.

Opposing Contentions.

At the first trial the matter hinged on opposing contentions as to the rights of the contestants, who claimed absolute title to possession. The cemetery association, on the other hand, claimed titles to cemetery lots conveyed merely a privilege, or easement, and in enforcing the rules of the association locked the gates against certain lot owners to prevent them doing work which the association insisted should be done by employes of the cemetery.

Want Judgment Vacated.

Notice of intention to seek a new trial was filed by Norman Johnson, attorney for the Rose interests, who will ask to have the judgment in favor of the plaintiffs set aside and vacated. The law firm of Mannon & Brazier represents Mr. Mantela and others.

UNIONS HALT "SONOMA DAY" AT EXPOSITION

Junior College Band Prevented From Being In Parade

TAXPAYERS ANNOYED

Federation Insisted A 30-Piece Band Be Compensated

Parties in town from Santa Rosa the past few days report a strong resentment is prevailing in that city against the recent action of the American Federation of Music and its affiliates which assumed a stand against appearance of the Junior College band of 56 pieces which had planned heading a big Sonoma County Day celebration at Treasure Isle on Thursday.

Local Students Included.

In the band, which was to have appeared, are several Ukiah students at Junior College. The Union musicians insisted the school band should not appear, unless the Union band of Petaluma was paid the regular union scale for none appearance.

Did Not Parade.

As a result of the union's action, elaborate preparations for "Sonoma County Day" Thursday at the Golden Gate Exposition simmered down to a reception at the state building and a tour of the Island.

Months Of Preparation.

Preparations for "Sonoma County Day" have been under way several months, under direction of W. W. Shuhaw, general chairman. Plans called for participation of the Junior College band and student body, a large delegation of county residents, civic and fraternal organizations. The Sonoma county board of supervisors had appropriated $500 to defray expenses for promotion of the event. This money was to have been devoted to provide refreshments at the fair grounds and to purchase canes and banners for those participating in the event. However, no funds had been provided for music, and arrangements were made for participation of the Junior College band.

Members of the board of trustees of the college asked the Santa Rosa and Petaluma Musician's union to co-operate with them in allowing the band to appear in the Sonoma county fete, inasmuch as it was a community event, promoted solely for publicizing the county.

Union Said "No."

The union rejected the plan and ordered the college music clans banned from the grounds, unless the union scale was paid. 50 members of the Petaluma Municipal Band which would stay at home or work on other jobs. This is the second time Musicians Unions have prevented appearances of musical organizations. Last January the Junior College Symphonic band was signed by the National Broadcasting Company for a coast-to-coast broadcast. Several days before their scheduled appearance the musicians Union notified broadcasting officials a stand-by symphonic band of the same number of pieces would have to be paid $540 before the Santa Rosa college boys and girls organization could appear before the microphone.

THE SACRIFICE OF BUDDY MERRIELL

THE OTHER DAY news dispatches carried a story about Buddy Merriell. He was a 17-year-old Los Angeles boy whose war hysteria caused him to take his own life. Buddy dreaded not the danger for himself but the thought of having to kill some other human. He detested it so much that when he felt war inevitable he hanged himself. For weeks he had anxiously read every scrap of news on the gathering European war cloud. He thought war dreamed [illegible] and became ill and dispirited.

He gave up his life rather than face the possibility he might [illegible] have to kill some human being. To the credit of Buddy Merriell he was not a slacker. His Americanism was ideal and, had war come, he would have volunteered.

What a mute, pitiful protest against the unnecessary slaughter of human beings. What deplorably sad case against over-imagination.

Without trying in any manner to step over the lines where slackers abound, this page really believes it's too bad average human beings do not have the same horror of shooting down their fellow men as this poor boy did. If they did there would be no more wars—and what a blessing that would be.

Deanna Durbin's Three Smart Girls grown up. She's wearing higher heels, longer skirts, more grown-up hats. She's 16 going on 17, she will tell you. Definitely, Deanna Durbin is no longer a child.

Is Growing Wise.

Deanna celebrated her sixteenth birthday December 4, 1938. The young singing star, who comes to The State Theatre Sunday and Monday next, in her latest Universal production, Three Smart Girls Grow Up, passed this milestone without any immediate manifestation of the transition into young adolescence. To those near her, though, the occasion emphasized the outward and inward changes which sweet sixteen brings to Deanna.

Incident Revealed.

Revealing and typifying these changes was a little incident during the making of Three Smart Girls Grow Up. One of the sets had a highly polished floor and a big mirror against a wall. Dressed in an ice-blue and silver evening gown (her first formal on the screen) Deanna surveyed herself critically in the mirror, seriously studying the beautiful garment. Unaware she was being observed, she whirled about in graceful attitudes, watching her reflections from the mirror and the polished floor. And, more recently, Deanna has been wearing lipstick. "Your lips look so dead without it," she explains.

Changes Diet.

Deanna does not eat as much ice cream or candy as she formerly did, nor does she "piece" between meals. She has become quite interested in reading. During the past year she has read "Gone with the Wind," "All This and Heaven, Too," "Northwest Passage," "Rebecca," "The Citadel," "Madame Curie" and "White Banners." She has learned to dance the fox trot and Lambeth Walk, but will not attempt "jitterbug" steps.

Remains Adolescent.

But bear in mind that Deanna is only 16, her producer, Joe Pasternak, is not yet casting her in roles of a highly romantic nature. "In Three Smart Girls Grow Up," she is seen as a young girl who tries to straighten out the tangled love affairs of her two older sisters, the roles played by Mary Gary and Helen Parrish.

MUST PAY DOG LICENSE

County Postmaster J. H. Cake has filed nine complaints in Judge Will Van Dyke's justice court against the owners of dogs who have refused to pay the county dog license. This same procedure will be followed in every justice court in the county for the dog license will be strictly enforced.

VISITED CATALINA

Mr. and Mrs. Roy Ruiter returned last week from a month's visit in and around Los Angeles. While there they made a trip to Catalina Island. They were the guests of Mr. and Mrs. Art Tweedy, well known former residents of this county.

VISITED GREENWOOD

Mrs. F. P. Howe, of Point Arena, visited her daughter, Mrs. Walter Smith, and family at the ranch north of Greenwood, last week.

W. P. Thomas left on the train yesterday for Dos Rios where he was joined by John D. Rohrbough and they went on to Humboldt county where they will appraise the large land holdings of the late John E. Rohrbough in that county.

Mr. and Mrs. Charles Sagehorn were over from their Lake county ranch last week.

Judge Will Van Dyke passed several days last week in Oakland on business.

Letters To The Editor

Sacramento, April [illegible] 1939.

Editor Republican Press:

As a result of a conference between the highway officials and the delegation from Fort Bragg who came to Sacramento Friday it appears some definite progress has been made for solving the road problem between Fort Bragg and Leggett Valley.

To Improve Grade.

The Highway Department will make extensive and valuable improvements on the Westport grade including surfacing and widening of bad curves and erection of guard rails on the outside of the entire grade. This will be a decided improvement and should take care of the immediate danger spots on that road pending the time a realignment of the entire grade can be made.

Funds Are Lacking.

Owing to lack of funds, it is impossible for the Highway Department to reconstruct the Westport grade during the next two years. The highway officials agreed to use every effort to have an allocation of the Federal Feeder Roads Fund made to improve the road from Westport to Leggett Valley. The plan discussed contemplates rock surfacing and oiling of the road between Rockport and Leggett Valley.

New Roads Out.

There is absolutely no chance of adding a single mile of road to the highway system at this session of the legislature. We may as well reconcile ourselves to this fact. It is very doubtful if any new roads will be added to the state system until additional funds are provided to take care of them.

Handicapped Now.

The Highway Commission cannot take care of the roads now in the state system. Owing to shortage of funds the Highway Department informed the Senate committee it is losing ground at the rate of destruction of 250 miles of State highway and the loss of 38 bridges per year. This breakdown of the state system will continue until more funds are provided for highway purposes.

Just One Way.

Increase in the gasoline tax seems to be the only answer. If it were not for the misinformation sent out by the Automobile Clubs the public would soon see the necessity of more money for highway purposes. It seems the public will only awaken to the seriousness of the situation when our highways begin to go to pieces. The people will then realize the Automobile Clubs that are fighting against adequate funds for highway purposes, are not their best friends.

Sincerely yours,
G. M. BIGGAR,
State Senator.

MADE A BRIEF VISIT

Mr. and Mrs. Charles Hatch, of Centerville, visited briefly in Ukiah Friday as they were enroute home from a visit to Mrs. Hatch's mother, Mr. Hatch is a buyer for Booth's canneries and has made Ukiah his headquarters during the fruit season for several years.

Sidelights of Sadness

Being incidents connected with California's State Prisons as observed by A. R. O'Brien, editor of The Republican Press, who is the chairman of State Board of Prisons of California.

WHEN A LAWYER MADE AN ALL TIME LOW

I watched his tough body swing as the guard let him in the board room and my eyes followed him as he, with a lot of self-confidence, adjusted himself in the "hot seat" at the head of the Folsom board room table about which the prison directors sat.

He was interrogated as to the purpose of his appeal to be allowed to appear before the board and it developed he was contending he had been wrongly sentenced and sought to have his case re-opened.

He had a fat envelope in his hand and from it he drew a document of several pages.

With an almost professional methodicalism he arranged his papers before him and proceeded to read a well-prepared protest—it was a pleading that, immediately convinced me had been prepared by an excellent attorney. It cited authorities and quoted sections of the statute and so comprehensive was the line of argument against his conviction I could not restrain myself, when the proper time came from interjecting the query, "What were you sent up for?—I felt sure he had been at some time before his incarceration a practicing attorney.

Without in anyway throwing him off balance in the presentation of his plea to the board, the inmate slowly turned his eyes toward me and said simply: "Highway robbery," and then, entirely unperturbed, he picked up where he had left off and with more vigor than ever, got right into the meat of his argument.

When he had concluded he addressed himself to the full board and said: "I am going to leave this document with you gentlemen so you may have a chance to look it over."

In the prisons of California there are numerous lawyers doing time. It was not so very long ago one of the West's most famous prosecutors, a man who had sent hundreds of offenders to prison, was himself convicted of crime while in office and served several years at San Quentin.

I know two 'way above the average lawyers who are, at this moment, inmates and, accordingly, I felt satisfied the splendidly gotten up paper the convict had just concluded reading before the board had not been his own composition, but rather that some ex-barrister had been interceded with and gone to the bat for him.

My curiosity being aroused I said to the inmate: "I take it for granted you did not draw up that plea by yourself, did you?" "No, sir," he replied, "I did not. A man in here who used to be a lawyer did it for me."

Might I ask you what you gave him for doing it?" "Well, sir," he said with a sheepish smile ,'I paid him two sacks of Bull Durham tobacco for helping me."

It is, perhaps, just as well the one-time attorney is confined behind the bars at Folsom instead of being on the outside trying to make his living wangling the legal lore for, if his charges were as modest out in the open as up at Folsom, there is little doubt but that, if his fellow attorneys got on to what he was doing, they would church him.

In any event I hardly believe anyone will protest my claim this two sacks of Bull Durham tobaco retainer has established an all-time low in legal fees in California.

No Interference With Grape Growers Here

Dry wine grapes will be excluded from the grape prorate program for 1939—regardless of what the state legislature does. The state prorate commission beat the legislature to the decision Monday by voluntarily adopting its own exemption plan. Under the commission's decision, all non-irrigated lands in Zone Two—the 13 north coast counties—would be freed from restrictions of the prorate regulations.

ENFORCING ORDINANCE

At Laytonville the county constable has filed citations in justice court against 12 dog owners, alleging they have not procured licenses for their dogs.

Don Weger, while at Compton Friday, said he started hauling spring lambs to market April 7. This was a month earlier than usual.

Guardian Sues For Loan Made By Ward

E. J. Reynolds, as guardian of the estate and person of Archie Reynolds, has brought action for judgment against Benjamin F. Mead for $600, money loaned to Mr. Mead by the complainant's ward. Another action pending between the same principals, to set aside an agreement and deed between Mr. Mead and Archie Reynolds, is set for trial May 18.

SUED ON BOOK ACCOUNT

Quadric Brothers of Willits have brought suit against E. J. McWaters to obtain judgment for $442.89 for merchandise sold on an open book account.

Dr. and Mrs. R. C. Bennett visited Ridgewood ranch last week and of course were thrilled when they saw Seabiscuit.

James Frazier, timberman of Pierce, was a Thursday visitor here.

OUT OF HOSPITAL

Mrs. Josie Johnson, of Ukiah, was released from Howard Memorial Hospital, Willits, after being confined for medical care.

COUNTRY LOVELY

ONE INCOME THAT'S INCREASED MIGHTILY SINCE 1932!

*Data from State Liquor Administration, including beer taxes and license fees.

BEER helps even those who don't drink it! To the tune of a million dollars a day nation-wide, beer tax revenue reaches back into every community, to help pay for relief, for public works, for education... and to lift a burden that would otherwise rest directly on the taxpayers.

To this, add a million new jobs made by beer. And a 100 million dollar farm market.

How can we keep these benefits... for you and for us? Brewers of America realize this depends on keeping beer retailing as wholesome as beer itself. They want to help public officials in every possible way. They cannot enforce laws. But they can—*and will*—cooperate.

GRANGE DANCE MONEY MAKER

Anderson Valley Residents Turn Out In Numbers

(Correspondence of The Dem.)

ANDERSON VALLEY, April 26. — The Grange dance Saturday night in the County Fair Auditorium was well attended by local dancers and Grange members from other points, and all report a wonderful time. Music was furnished by a local orchestra, the Jay Harmony Boys. Supper was donated by Grange members and served by the ladies of that organization. Proceeds from the dance will be used to swell the Grange treasury.

Who Owes Who?

Mr. and Mrs. L. C. Burke were Ukiah visitors the early part of the week, Mr. Burke being called as a witness in a case involving the sale of hogs off the Scott ranch last year to settle a Ukiah feed account. The hogs were held on the Burke ranch by officers pending their sale. The point of the present case seems to be to decide who really owned the hogs, the man operating the ranch or his father in San Francisco. It is reported the father owned the hogs, but the son was the one that owed for their feed.

Work On Cemetery.

R. E. Feather, who is doing the cleaning for Anderson Valley cemetery district, is making a splendid showing at the Green Mound cemetery where he has been working the past couple of weeks and he will move on to the Rawles cemetery and the Shields cemetery this week and next. Additional ground has been purchased from J. A. Gage child, which increases the present size of Green Mound on three sides. It now joins the W. L. Witherell ranch on the north, runs back to the present site to include a large plot and takes in a strip on the south. Old fences are being torn out and a new wire fence put up on the new line. The Green Mound was so nearly full it is doubtful if room for any graves could have been found outside family plots. Additional ground was a necessity. New cattle guards have been put in at Shields cemetery, which is a decided improvement there.

Is Taking Treatment.

Mr. and Mrs. Thomas Ornbaun and the former's sister, Mrs. Lula Nissen, were San Francisco visitors part of last week. It is understood Mr. Ornbaun, who has been in poor health several years, will return to San Francisco for medical treatment.

Dance Classes End.

The dancing class which has enjoyed instructions under Cecil Mitchell the past winter closed for the season Friday evening with a dancing party at the local high school which entertained a group of young guests. Mr. Mitchell and the hosts were assisted by Miss Blanche Brown and several mothers, who have been interested in the class. The youngsters were loath to end their lessons but, due to the rush of school work at this time of year, Mr. Mitchell, who is teaching at Laurel district, was compelled to discontinue them.

Church Affair Tomorrow.

A pot-luck supper will be held at Philo church Thursday evening at seven o'clock. A warm invitation is extended everyone to attend. These suppers are proving very popular and afford an opportunity for renewing old friendships and forming new ones. Following the supper a song fest is enjoyed.

Teacher Aids Teacher.

To relieve the congestion of Cow Creek school, Mrs. Martha Rawles, teacher of Anderson union at Boonville, has graciously consented to take the four pupils of the fifth grade and combine them with her present fifth grade for the six weeks left of this school term. Miss Blanche Brown, teacher at Cow Creek, has 24 pupils and eight grades, with two of the eight having two sections, which really made her 10 grades and the time she will gain by Mrs. Rawles taking one grade for her will be a material help. Mrs. Waldie Brazill, also of Anderson union school, will transport the children without charge, thus doing her bit also. County Superintendent of Schools J. W. Taylor and Rural Supervisor F. E. Leonard met with the trustees of the two districts to effectuate the transfer last week.

Newly-Weds Showered.

Mr. and Mrs. Max Dightman were guests of honor at a shower given by friends at the home of Mrs. Dightman's parents, Mr. and Mrs. C. M. Presley, Tuesday evening.

Observe School Week.

Public school week will be appropriately observed here with the usual displays, band concert and luncheon to parents and patrons of the school at the high school Friday afternoon and a three-day wild flower show put on by the combined schools which will be open to the public Friday, Saturday afternoon and Sunday with different schools as hostesses each day.

Made Cease Trip.

Mr. and Mrs. W. L. Witherell enjoyed a visit from their grandson, John Banks, and his fiancee, Miss Luella Sweeney, over the weekend. Both the young people are seniors in Covelo high school. Saturday a party composed of Mrs. W. L. Witherell, Miss Sweeney, Miss Joe Anna Guist, John Banks and Pete Witherell motored to the coast where Miss Sweeney had her first view of the ocean. While there they were guests of Mr. and Mrs. Lilburn Titus, at the Point Arena lighthouse, and got acquainted with the new son in the Titus family, who is Mrs. Witherell's youngest grandson.

Delmar June, of San Francisco, was home for the weekend with parents, Judge and Mrs. R. J. June.

Frank Wallach, of San Francisco, passed the weekend with his parents, Mr. and Mrs. C. M. Wallach in Bell Valley.

Elbert Tolman motored up from San Francisco to pass the weekend with his wife and baby at the Lester Day home in Philo.

Mr. and Mrs. Albert Terrell motored to Ukiah Sunday.

SON BORN MONDAY

A son weighing eight pounds 12½ ounces was born Monday at Ukiah General Hospital to Mrs. L. McCulloch. Dr. J. R. Gardner is the attending physician.

Teachers Return To Their Duties

Miss Shirley Berry returned to take charge of her classes at high school the first of the week following a week's illness during which time Mrs. Kate Davis substituted for her. Miss Louise MacDonald hopes to return to her duties at the high school tomorrow. She recently underwent a thyroid operation and has made a fine recovery. Miss Eleanor Donohoe was substitute during her absence.

AT GOBLE HOME

Mr. and Mrs. Barry Moller and son Laverne, accompanied by Mr. and Mrs. M. McDonnell, were here Sunday from San Francisco and were at the Goble home to see their neighbor, Mrs. A. B. Sampson, who is recovering from an injury received when coming to Ukiah two weeks ago. Following their visit they motored through Lake county to see the famous redbud and the lakes on the return trip.

MARRIAGE LICENSE

Marriage licenses were issued last week to George Hill and Helen Oberman, both of Fort Bragg, and to Clyde Graves and Alice Furbee, of Potter Valley.

Drink And Jealousy Divorce Suit Claim

Mrs. Doris Hayter has filed suit for divorce against James E. Hayter and asks for custody of her two minor children and an equal of a property settlement between herself and husband. They were married at Ukiah September 26, 1925, and separated at Fort Bragg April 25. Mrs. Hayter claims her husband is addicted to drinking and violent toward her when intoxicated, also his jealousy has forced her to neglect her duties and their social affairs.

IS MUCH BETTER

W. A. S. Foster was in town for a short while last week. Mr. Foster used to be head of the Northwestern Redwood Co., Willits, and for a few years has had poor health but is now much improved. He has been living in Santa Rosa, but was on his way to Lake's Redwood Park in which he owns an interest.

AT TREASURE ISLAND

Mrs. John H. Bogner, son Philip, Miss Gertrude Deitz and Miss Carol McLeod returned Sunday from a motor trip to San Jose and San Francisco, where they went Friday to see the wonders of the Exposition.

Planning For 500 At Music Festival

Robert L. Sharp, director of music at Ukiah high school, estimates 500 musicians will be here Saturday, May 13, for the all-day music festival in which schools will be represented. Lunch will be served the visitors free of charge.

HOME FROM HOSPITAL

Mrs. Arthur E. Tibbetts returned to her home yesterday from Ukiah General Hospital following an operation for acute appendicitis a week earlier. Dr. J. R. Gardner performed the operation.

LAKE MENDOCINO MEETING OF THE COUNCIL WOMEN

Yesterday an inspiring Mass and meeting of the Lake-Mendocino Deanery group of the National Council of Catholic Women was held at the new Lucerne Hotel, Mt. Konocti Country Club on Clear Lake. Miss Ruth Murphy of Ukiah, president, conducted the meetings. Activities of the nine deaneries comprising the diocesan council were reported during the morning session by the following presidents of individual groups: Miss Katherine Gobbi, Ukiah; Mrs. Ellen Gorman, Mendocino; Mrs. Tona O'Bailey, Fort Bragg; Mrs. Joe Salelui, Point Arena; Mrs. Tom Akins, Willits; Mrs. Harriet Peters, Hopland; and Mrs. Melvin Prather, Lakeport. It was the first meeting of its kind at which the St. Mary's Sodality was represented, in this case Miss Madeleine Fansler, president of the young women's club of Ukiah, being in attendance.

Meetings were held in the beautiful ballroom of the hotel and a one o'clock luncheon was served in the banquet room. Mrs. Melvin Prather, president of the hostess unit, made arrangements for the gathering, graciously carried out in every respect. Music during the noon hour included several pleasing whistling solos by Mrs. Prather. Gorgeous bouquets of spring flowers were on tables and about the halls.

Arch Diocesan President Florence Schage of San Francisco was guest speaker of the afternoon. She told of the California Catholic Women's Day to be held at Treasure Island September 14 for which elaborate plans are being made. The exercises will open with a Pontifical High Mass in the morning and will be concluded with a wonderful religious pageant in the evening.

Father Adrian Sharkey, Ukiah; Father Celestine Quinlan, Willits; and Father Ambrose Brunton, of Fort Bragg, attended the conference.

OLD-TIMERS RE-VISIT

Interesting indeed were the changes wrought in Ukiah in the past three decades according to visitors here Thursday. The party included Mr. and Mrs. L. W. Pettit, of Petaluma, their granddaughter, Barbara Lee Pettit, of Richmond, and Mr. and Mrs. D. Rogers, of Denver, Colorado. Mrs. Pettit is the former Inez Sloper of this city.

It was 29 years ago Mr. Rogers was proprietor of "The Palace of Sweets" at the present site of The Maple Cafe. Mrs. Rogers is a sister of Mr. Pettit. Improved streets and lighting of main thoroughfares seemed especially to stand out in contrast to the days when Mr. Rogers was in business here. Calling at The Press office the little group reviewed the days when its members lived here and read this paper. At that time Orville A. White was editor.

The Pettits will accompany the Rogers to Denver for a visit at their home when they return to Colorado shortly.

CAMP-FIRE GIRLS

Both Campfire groups met at the community clubhouse Wednesday after school with Mrs. Verner Anderson in charge. A short business meeting, out-door games, and a choral practice completed the program of the day. Wahtanka group of which Mrs. Anderson is guardian, met at the home of Phyllis Davis, acting junior assistant, for an evening party Friday.

BOOK REVIEW WAS B.P.W.C. ENTERTAINMENT

"Lindy" The Wright by Anne Spencer Morrow Lindbergh, formed the interesting subject of a book review by Mrs. Karl Davis, assistant librarian at the city library, when she appeared as guest speaker before Business and Professional Women at their regular dinner meeting at The Palace Hotel Thursday evening. Dependence upon the wind to rise from the water where the Lindberg plane rested on pontoons, as the famous air pilots planned to leave Africa for South America, and eerie sensations of rushing through the wind in the dark, by moonlight, and at dawn, were vividly described as the story of 10 exciting days in a six-month tour was unfolded. A world map was used by the speaker to graphically describe routes. The brilliant author, Mrs. Lindbergh, has succeeded not only in aeronautics, but also in writing the most popuar fiction book of the year in America. Through courtesy of Edwin Castagna, librarian, books of special interest to business and professional women were presented briefly by Mrs. Davis and left for their examination.

Prior to the dinner hour all joined in singing "America." Mrs. Crystal Harp played the piano during the dinner, at the conclusion of which she accompanied Miss Kathleen Thurston who sang very beautifully "Little Sir Echo" and "God Bless America," the latter first introduced by Kate Smith last Armistice Day and chosen by Miss Thurston as especially appropriate at the present moment in world affairs.

Prospective park plans for giving Ukiahans and visitors to our city entertainment and recreation facilities were discussed by J. Scott Bruce, who had with him tentative drawings of improvements for the community park, based on suggestions offered the committee by citizens of Ukiah, including hiring of a competent director to be in charge of the park.

The Canton room was gay with sprays of roses, bridal wreath, large bouquets of snowballs and an exquisite arrangement of white tulips and white Spanish iris encircling indigo blue iris and combined with maidenhair fern at the speaker's table. President Drusia Harris conducted a short business session at which the charter for federation of the club was closed in readiness for its presentation at the convention at Vallejo the following weekend. Mrs. Grace Holzhauser read changes in by-laws to conform with the new status of the group. It was unanimously voted Mrs. Bertha Emery, honorary member of the original group, be accorded the same distinction in the federation. An invitation was read from the Marin county club to its installation festivities at Sleepy Hollow Golf and Country Club this evening.

LOGGER SUING TO FORECLOSE

Claims Contract Was Violated, Wages Withheld

F. W. Ford in an action for foreclosure of a loggers and lumbermen's lien, has brought suit against Stanley J. Smith as executor of the estate of Walter F. Frick and A. J. Herzig as the Juan Creek Redwood Company.

Page Contract Violated.

The complaint claims an agreement was made May 28 between Mr. Herzig and Mr. Smith, the Herzig interests agreeing to cut, haul and mill timber from the Juan Creek tract. During the following August Mr. Ford was employed to fall and peel timber at $7 per 1000 feet. Mr. Herzig to pay such workmen compensation insurance as required and wages of all men employed by Mr. Ford and deduct amounts from the money due Mr. Ford.

Operations Stopped.

March 20 logging operations ceased after the Herzig interests are said to have refused to make further payments. Mr. Ford claims $269 are due his workmen and $525 are due him as the balance for 1,659,000 feet of timber turned out by his crew during seven months operation. He asks for judgment of foreclosure and order of sale against the timber cut.

That Nagging Backache
May Warn of Disordered Kidney Action
Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.
You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.
Use Doan's Pills. Doan's help the kidneys to get rid of excess poisonous body waste. They are antiseptic to the urinary tract and tend to relieve irritation and the pain it causes. Many grateful people recommend Doan's. They have had more than forty years of public approval. Ask your neighbor!

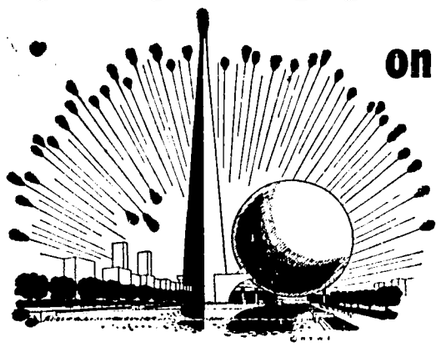
How to SEE TWICE AS MUCH on your trip EAST

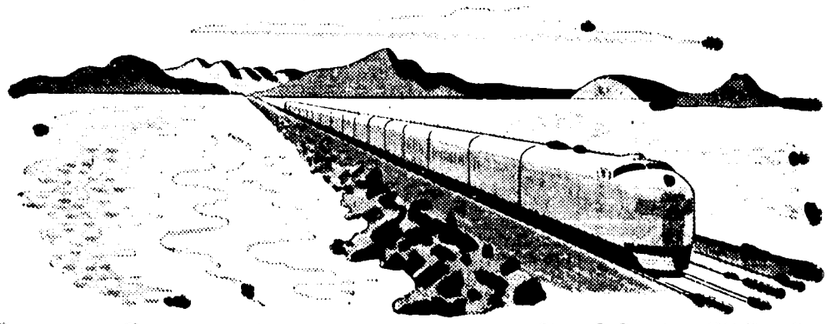


It's as simple as A, B, C

A. Southern Pacific offers you a choice of *Four* Scenic Routes to the East instead of just one, the most far road. Pick the two routes that interest you most.

B. Go East on one of these routes and return on the *other*.

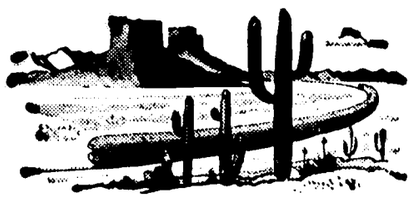
C. Result: you see twice as much of the United States each way. You see twice as much for little or no extra fare!



FOR EXAMPLE, go straight east on Southern Pacific's historic Overland Route, the shortest, fastest way . . . over the High Sierra, across Great Salt Lake on the spectacular Lucin Causeway and through the Rockies. Ride the swift Streamliner *City of San Francisco*, the *Forty-Niner*, the luxurious all-Pullman *Lark and Limited*, scenic *Pacific Limited* or money-saving *San Francisco Challenger* (all chair car and tourist trains with 25¢-30¢-35¢ meals, stewardess-nurses, etc.). Return if you wish on any of these other routes.

SUNSET ROUTE brings you back through the picturesque Old South and romantic New Orleans, Houston, San Antonio, El Paso (Carlsbad Caverns National Park), Southern Arizona and Los Angeles. (Between New York and New Orleans, first class and tourist tickets are good on Southern Pacific's famous S.S. *Dixie*, plus small additional fare.)

SHASTA ROUTE connects with northern transcontinental lines and speeds you to California through vast evergreen forests, sparkling lakes and snow capped mountains. From Medford or Klamath Falls you can enjoy a memorable side trip to Crater Lake National Park. (An alternate tour by rail and motor coach shows you the Redwood Empire.)



GOLDEN STATE ROUTE brings you back through the Middle West, El Paso, the Mexican Border country and Los Angeles.

NEW YORK AND BACK
FROM UKIAH
$90 in air-conditioned chair cars and coaches.
$124.10 in air-conditioned tourist sleeping cars (plus berth charge).
$135 in luxurious air-conditioned standard Pullmans (plus berth).
TAKE YOUR CAR! Ask about low rates for taking your automobile along. You ride fast trains, your car goes fast freight.

ROUND VALLEY PIONEERS ARE DANCE-MINDED

Carried from page 1

Pioneers Honored.

The Pioneer Banquet given by the Women's Improvement Club was a gala and elaborate affair. Old-timers still talk of the happy evening. Judge G. R. Redwine and Jake Short were the oldest pioneers there. Lovely ladies in Colonial costume were Mesdames Caleb Brush, Mart Hurt, Lou English, Chas. Rice and Wm. Rhodes—they joined others in the good old-fashioned dances, the polka, schottische and quadrille. The male quartet, Glenn Mathews, Rev. Carroll Pedersen, Sam and Will Gray sang "Home on the Range," accompanied by Mrs. Cliff Foster. Music from the night school class of guitars was fine, played by Misses Isabel Spurlock, L. Spence, Mesdames Henry Long, Charles Lovell, Leo Sanders; and Sam Gray, with Glenn Mathews at the piano. Table decorations were lovely tulips and bouquets of lilacs. The Club, no doubt, will continue honoring the pioneers annually, for already some are talking of next year.

Rainbow Chasing.

The $30 a week for life followers are becoming numerous in this section. Petitions are being circulated for a special election to get the plan on the next ballot. Meetings are being held at the grammar school auditorium. A. G. Young, San Francisco, was a recent speaker, assisted by Al Hawkins, Willits, a well-known conductor on the N. W. P. Railroad. Monday evening Frank F. Brasher, manager of the Plan from the Eureka district, was a speaker. Sixty-five attended. Among enthusiasts are George Woods, Charles Hemenway, Jake Short and W. D. Rhodes.

It's That Time.

Heraldings of June commencement and sweet girl graduates are being heard every day. Parties, sneak-day and much more are being planned.

School Play May 6.

At the high school, the operetta, "H. M. S. Pinafore," will be given May 6. The plot is clever and the evening's entertainment will be good.

Observe Week.

Public Schools Week is being recognized in local schools.

Are Getting Ready.

Instructor Glenn Mathews and music classes are preparing to take part in the Music Festival being held in Ukiah May 13. Schools from all over the county will be represented.

County School Superintendent John W. Taylor made a business visit here Wednesday.

Caring For Children.

Dr. Joseph Smyth and Miss Ruth Murphy, of the Indian office, Ukiah, will be at the Reservation school this week, continuing the second series of immunizing the children for typhoid.

On The Island.

Rev. and Mrs. Carroll Pedersen and children have returned from a delightful trip. While Rev. Pedersen was attending Presbytery at Sausalito Mrs. Pedersen and children were house guests of Mr. and Mrs. Lauriston Tardy at San Rafael. Two days were fully enjoyed on Treasure Island.

Senator Biggar Busy.

During the weekend Senator and Mrs. G. M. Biggar were in Oakland. Friday evening Senator Biggar spoke there on his dredging bill, before a miners' and civic group. Sunday evening the Senator and his wife were dinner guests at the Sacramento home of Mrs. Emma Welch.

Looking After Exhibits.

Mrs. G. B. Harrington, staff member and field agent, Indian Arts Board, was here from Treasure Island the first of the week. Mrs. Harrington is interested in California Indian baskets, and is familiar with Indian art from all over the United States. The Indian exhibit at Treasure Island is being improved and enlarged.

Club Heads Selected.

The Women's Improvement Club has elected a new corps of officers: President, Mrs. Charles Lovell; vice-president, Mrs. Chas. Rice; treasurer, Mrs. Lester Fitzhugh; secretary, Mrs. George Barnes. Installation will take place at a later date.

Laytonville Won.

An unusually large fan crowd surrounded the baseball diamond when Laytonville came over and played the local town team. It was a fine game, with several good arguments, and the score was 6 to 5 in Laytonville's favor.

Saw The Game.

Mr. and Mrs. Dennis Willis, nee Marjorie Caldwell, were among those coming over to watch the game and greet old friends.

Had A Party.

Little Jimmie Martindale, an adorable youngster, celebrated his third natal anniversary in grand style. Three birthday cakes and ice cream was a lot for one small man, but he shared it with other tots. Mrs. Minta Bauer was hostess at her pretty home, assisted by Mrs. Andrew Begley and the lad's maternal grandmother, Mrs. Helen Schick.

Were At Ranch.

Estel Beard and his sister, Mrs. Robt. Thompson, of Yuba City, were in town Thursday from their Cold creek ranch. Mrs. Thompson is an expert rider and is usually seen at the ranch during the season when calves are being branded.

Mr. and Mrs. Carlton Brown weekended with friends and enjoyed the Pioneer Banquet. Mr. Brown is a former agricultural instructor in the local high school, now teaching at Fortuna.

He's An Oldster.

Wm. H. Johnston was felicitated Sunday, the occasion being his eighty-second birthday, at the home of his son and daughter-in-law, Mr. and Mrs. Bennett Johnston. Mr. Johnston is hale and hearty and looks forward each year to the opening of deer season. He hunts in Mendocino National Forest and Modoc and usually returns with a muletail.

Built Much Fence.

Mr. and Mrs. Ralph McCombs and Burdis Martindale were in from the Beard ranch this week, where they have been building fence for the past three months. Their work is not completed.

In The Klink.

Pomeroy Hoaglin and Ben Wright each drew a 60-day sentence for disturbing the peace, in Judge G. R. Redwine's court. The constable delivered the Indians to the county jail.

"Bob" Buhrer, popular junior high school student, has returned from Salinas, where the family recently moved. He is doing at the Dan English home.

Killed Four Varmints.

Harvey and Frank Brightenstine, Lloyd Barrass and Solon English, recently killed a female panther and three kittens on Butte creek.

Many At Dance.

A large crowd attended the American Legion Dance Saturday night. "Five Yellow Jackets" furnished the music.

Arthur Hyde, Dos Rios, received the first degree of Masonry Monday.

W. F. Whitney, State Board of Equalization, Willits, accompanied by E. J. Bennett of the California Railroad Commission, was here several days during the week.

At Hotel Covelo.

Out-of-town guests registered at Hotel Covelo during the week are Mrs. G. G. Harrington, K. C. Herrick, Walter Schwartz, San Francisco, W. K. Ford, Ruth Murphy, Dr. Joseph Smyth, Jeane Pierson, Ukiah; F. F. Brasher, Verne Krei, R. J. Maffia, Eureka; Carl Beck, Santa Rosa; W. F. Whitney and E. J. Bennett, Willits.

Made The Rounds.

Our charming legislative lady, Mrs. G. M. Biggar, leads a full and interesting life. I can't resist the temptation of telling you parts of her always interesting letters, as: "Hurrying home from morning shopping, a hand touched the arm on which I was balancing a cherry pie. Turning quickly, I encountered the laughing eyes of Emmett Spurlock, who invited me to accompany him on his daily round of official duties. We had a delightful drive through Fair Oaks and adjacent ranches. Our first stop was at a tiny home on a little farm, the sole crop being fruit on a dozen or so cherry trees. Half-grown canker worms were making inroads on the foliage. The owner (a broken old man) sought advice on how to save his crop — a hopeless problem — but he received sympathetic attention and direction how to destroy the pests. We passed a group of "dust bowl" settlers' cottages on small tracts. A prosperous Italian farm where premises were being freshened with a new coat of paint; then on into the richer rolling hills. The next call was at a lovely country house on a small tract of fruit land. The driveway led to the rear of the house, where thrifty apricot trees ladened with fruit grew in a fresh-cut greensward. The lawn mower was parked ready for action, a misty spray was wetting the smooth grass. A slender, alert woman in trim attire came forward with easy grace to ask intelligent questions about pruning, thinning, cultivating, irrigating. Joy in possession and joy in tending the soil were evident. And here and everywhere we called was evident a joyous welcome to the kindly farm advisor friend, who had come at the owner's invitation to consult on problems that perplex the farmer."

Note — Emmett Spurlock is a local boy who has made good.

VALLEY GETS TRAGEDY NEWS

Death Of George W. Smith Shocks The Community

Special Correspondence of The Press

REDWOOD VALLEY, April 25.—Arland Hargraves left for Lakeview Oregon last week.

Olive Ford is home after a visit with Mr. and Mrs. Will Ledford at San Quentin, where Mr. Ledford is a guard.

Has Houseguests.

Mr. and Mrs. Andrew Johnson, of Billings, Montana, and Mrs. Albert Larson, from Tacoma, Washington, are visitors at the home of Mr. and Mrs. Thomas Gullickson. Mr. Johnson is a brother, an oculist in Billings, and Mrs. Larson is a sister of Mrs. Gullickson.

Eunice Anderson left for Ashland, Oregon, last week.

Fred Quinn, of Eureka, was in Ukiah on business and stopped to visit Mr. and Mrs. Harry Reilly.

Had A Party.

The 4-H Girls Club enjoyed an evening party at the home of their leader, Mrs. Roy Williams. Chinese Checkers, monopoly and other games were played. Later in the evening the girls sat down to a cleverly decorated table and enjoyed delicious refreshments, consisting mainly of ice cream and cake. Mrs. Harry Reilly, Mrs. Jack Cromwell and Mrs. Thomas Gullickson assisted Mrs. Williams with the refreshments.

F. W. Laughlin, of Windsor, has erected a new windmill on his ranch in the valley.

Amelia Cake is a new member of the Redwood Valley 4-H Girls Club.

Mr. and Mrs. S. W. Parrott, of Los Angeles, are visitors at Mrs. Mary Goudge's home. Mrs. Parrott is a sister of Mrs. Goudge.

Mr. and Mrs. J. Arndt, of San Francisco, were visitors at Mr. and Mrs. R. Yarbrough's home.

Miss Luverne Kistler and Mrs. Vera Watson returned Tuesday from a week's visit in San Francisco.

Mrs. Mae Burkheim has recently sold her property in the valley.

Mr. and Mrs. Lawrence Simmons and family were recent visitors at the home of Al Simmons.

Public-Spirited Work.

The Redwood Valley Volunteer Fire Department is planning another barbecue in the near future to raise funds to pay off the balance on their fire truck. A fine new fire house was built recently to house the equipment and was erected in half a day by more than a score of carpenters who donated their services to the cause. Fine community spirit was further exemplified by donation of lumber by J. A. Waldteufel and Gschwend Brothers, and hauling of gravel by Bednar Brothers and Alex Kauhanen.

Met Tragic Death.

George W. Smith, of Redwood Valley, was drowned in McCloud river Tuesday of last week when the cable bridge in which he and his son-in-law, Ray Moffatt, were crossing the stream, broke. Mr. Smith was the first to be hurled from the basket-like cage in which the two were passengers, into the turbulent waters, and three days of searching failed to reveal the body. Mr. Moffatt managed to evade the fate of his father-in-law.

Gala P. T. A. Program.

There was a large gathering in the auditorium of Redwood Valley school Friday evening to attend a short business meeting of the P. T. A., conducted by Mrs. Jay Lee Smith, and to enjoy exhibits of pupils' work and a program prepared by them. It was reported Mrs. Thomas Gullickson and Mrs. Nels Nelson would serve as delegates to Thursday's district meeting at Willits.

School's Activities Praised.

W. H. Reilly, principal of the school, called attention to classroom exhibits, to the widflower exhibit in the main hall assembled under direction of Mrs. Mary Lawson, craft work by Mrs. Harriet Mercer's pupils, art work by Miss Irene Merk's pupils. Special mention was made of the new Venetian shades hung at 18 windows and purchased with funds raised at the recent P. T. A. Kermis, acknowledgement being given Carl Wickstrom and Emil Fisk for their services in installing them.

Children All Showed Talent.

Entertainment opened with three pieces by the orchestra, led by Mr. Reilly. The first graders presented "Three Jolly Gentlemen" and "Hickory Dickory Dock" with accompaniments by rhythmic orchestra, most amusingly. This was followed by a clarinet duet by Norma and Frederick Goudge. "Brownie Folk" appeared in an amusing skit by third and fourth graders. Miss Alice Gillogly's fifth and sixth grades did some fancy drumming in two short acts, followed by unison singing of several songs. Seventh and eighth graders were colorfully costumed in Spanish style for folk dancing and group singing of a number of charming songs. Haroldine Hansen sang a solo and Rocelia Fernbach was able accompanist during much of the program.

Goodies Were Enjoyed.

A wonderful array of home-made cakes were served with coffee to the grownups, while youngsters were served ice cream cones and cookies, the latter dainties being baked especially for them by Mrs. Thomas Gullickson. The hostess committee comprised Miss Harriet Mercer, chairman, Mesdames Peter Fernbach, Lena Piffero, Frank Bednar, Rose Piffero, Marian Hansen and Emil Pomo.

Formal Charge Filed Against Grape Buyer

Hearing is set for 11 o'clock tomorrow morning of charges brought by the state marketing agreement enforcement body against Peter Bianchi, San Francisco fruit buyer. The complaint is made by Walter Storer, of Ukiah, who claims an unpaid bill of approximately $200 is due from Mr. Bianchi. The marketing body held a meeting on the matter recently and filed formal charges. This is the only affair of the kind affecting the 1938 fruit crop in this county.

Parole Board Sets Jas. Murphy's Term

Jimmie Murphy, itinerant sign painter, who wrote worthless checks drawn on the Bank of Covelo and was convicted and sentenced to San Quentin, must serve seven years, the board of terms and paroles ruled at its hearing April 18. He was received at the prison April 17, 1937. Mr. Murphy was arrested in southern California and at his trial here the jury failed to agree on a verdict. Afterwards he pleaded guilty to the second count of the information and applied for probation, which was denied because of two previous convictions for which he had served time in Louisiana prison.

Mr. and Mrs. D. C. Smith passed the weekend in San Francisco visiting the Exposition.
